Square Sum

Jojo have a question for Lili. Unfortunately Lili cannot answer Jojo's question with the correct answer. So Lili asked you to make a program to help her answer Jojo's question. Jojo will give Lili a 4x4 square :

```
-------------------------
|     |     |     |     |
| a/1 | b/2 | c/3 | d/4 |
|     |     |     |     |
-------------------------
|     |     |     |     |
| b/2 | c/3 | d/4 | c/3 |
|     |     |     |     |
-------------------------
|     |     |     |     |
| c/3 | d/4 | c/3 | b/2 |
|     |     |     |     |
-------------------------
|     |     |     |     |
| d/4 | c/3 | b/2 | a/1 |
|     |     |     |     |
-------------------------
```

Given integers a,b,c,d (b,c,d is not guaranteed to be divisible by 2,3,4 respectively) What is the total sum of the square?

Format Input
The input consists of 3 lines. Each line consists of 4 integers.

Format Output
The output consists of 3 lines. Each line consists of total sum with 2 decimal points.

Constraints
0 <= a, b, c, d <= 100 (The value of each variable always lie between 0 and 100)

Sample Input	Sample Output
0 0 0 0 1 2 3 4 2 4 9 16	0.00 16.00 46.00

Explanation

On the second line, the variable a = 1, b = 2, c = 3, d = 4. Therefore, the square is

```
-------------------------
|     |     |     |     |
| 1/1 | 2/2 | 3/3 | 4/4 |
|     |     |     |     |
-------------------------
|     |     |     |     |
| 2/2 | 3/3 | 4/4 | 3/3 |
|     |     |     |     |
-------------------------
|     |     |     |     |
| 3/3 | 4/4 | 3/3 | 2/2 |
|     |     |     |     |
-------------------------
|     |     |     |     |
| 4/4 | 3/3 | 2/2 | 1/1 |
|     |     |     |     |
-------------------------
```

So the value in square is equal to

```
-------------------------
|     |     |     |     |
|  1  |  1  |  1  |  1  |
|     |     |     |     |
-------------------------
|     |     |     |     |
|  1  |  1  |  1  |  1  |
|     |     |     |     |
-------------------------
|     |     |     |     |
|  1  |  1  |  1  |  1  |
|     |     |     |     |
-------------------------
|     |     |     |     |
|  1  |  1  |  1  |  1  |
|     |     |     |     |
-------------------------
```

So, the total sum of the square is 16.
